In this capacity, I supervised the staff of the Office of Communications, managed operations, set priorities, and oversaw the workflow for print and electronic communications, website development and maintenance, press relations, public records, presentations, events, and other communications-related activities. At the request of the Commonwealth, I also assisted with various human resources, recruitment, diversity, and worksite wellness initiatives. From early 1980 until November 1986, I worked as a writer/manager for the Commonwealth's Medicaid central office.

Major accomplishments include:

- Established and developed communications offices for the Massachusetts Rate Setting Commission, Division of Health Care Finance and Policy (DHCFP), and Center for Health Information and Analysis (CHIA)
- Enhanced in-house capabilities to support DHCFP's dramatic evolution 1986-2012 and CHIA's launch—embracing and deploying technologies and strategies to increase production, improve quality, and leverage electronic publishing channels and social media
- Helped to promote and extend the market position of these agencies as primary providers of health care information and data
- Initiated, created, and promoted the DHCFP's/CHIA's well-regarded web presence
- Played a central role in the pilot implementation of the health and human services Mass.Gov Web Portal
- Partnered with other Commonwealth resources to develop and deploy social media
- Established and implemented professional publishing standards for these entities and other agencies
