

Development Review Team (DRT) Meeting Snapshot

Week of March 13, 2017

This week we have DRTs on the following addresses. Call the Planning Department and ask to speak with any land use planner if you would like additional information on any of these projects.

Address	General Description of Project
1771 Washington St	Special Permit/Variance to construct rear addition to single family dwelling (SR1)
208 Homer St	Proposed floor area ratio (FAR) increase for single family dwelling (SR2)
1 Frances St	Special permit to extend single family dwelling's nonconforming rear setback to enlarge one-car garage and construct a two-story addition (MR-2)

Please note this list was compiled before these meetings will take place and that projects may evolve over time. Cancellations do occur and the Planning Department is sometimes able to schedule another project in its place. Not every project has a DRT – DRTs are generally done only where some type of site plan review will likely be required.
