

Memorandum

Subject: Proposed Shared Parking – preparing for our meeting on August 13

Colleagues,

During July I met twice with Mr. Heath and others in the Planning Department to discuss how this shared parking program might work and the zoning ordinance amendment before the Council for vote on August 13. I then followed up yesterday with a memo of specific questions and ordinance language suggestions for their consideration. I also informed the ZAP Committee Chair as well as the Council leadership.

My questions involve such issues as customer and employee preference, administration and enforcement, scale and eligible sites, parking meter revenue and traffic impacts, and the annual reevaluation involved.

As many of us are on vacation (including me) this week and next, I hope to have a response to my questions in time for next Friday's packet. My hope is that this work will expedite our discussion and vote on the 13th.

Please contact me individually if you have any questions, and I hope you are enjoying the summer break.
